NUTRITION PROGRAM

The Nutrition Department's goal is to provide a hot, balanced and nutritious noon-day meal to older adults, age 60 and older, living in Leavenworth County. The Meals on Wheels program is dedicated to meeting nutritional needs, combating social isolation and ensuring safety. To meet this mission, we have four county dining centers and deliver meals to homebound residents through our Meals on Wheels program. Meals on Wheels helps individuals remain independent and at home.

A meal program may be right for you or a loved one.

- Are you 60 years of age or older?
- Do you reside in Leavenworth County?
- Are you experiencing difficulty when trying to complete daily tasks?
- Do you live alone?
- Do you need assistance from others to leave your home?
- Do you find it difficult or are you unable to prepare meals for yourself or others in your home?
- Are you homebound or able to drive?

Schedule an Assessment

To be assessed for the program or to request more information, please contact the Nutrition team at 913.758.6724 or 913.758.6710.

The Meals on Wheels program runs with the help of volunteers like you. If you are interested in volunteering with the Meals on Wheels Program, contact us at 913.684.0786.

FRIENDLY VISITOR PROGRAM

The Council on Aging's Friendly Visitor Program pairs volunteers with homebound seniors to provide social connection. Through regular home visits and /or phone calls volunteers help reduce loneliness and social isolation felt by many seniors in our community. Friendships develop, relationships grow and seniors remain engaged. This valuable social connection can reduce cognitive decline, lessen anxiety and improve the overall quality of life for this homebound population.

For more information on becoming a volunteer or participant with the Friendly Visitor Program, please call 913.684.0780.

PET SERVICES

Pets become a very important part of our families, even a family member to many. As we age, pets are extremely important to our well-being: they supply companionship, unconditional love and a sense of responsibility. Unfortunately, as people age many find it more difficult to feed and provide the necessary care for their pets due to restricted income and growing health issues. Due to lack of funds, many recipients of Meals on Wheels share their lunch with their pet(s) or forgo necessary veterinary care.

The Council on Aging's **Pets and Loving Seniors (PALS)** and **Pet2Vet** programs are designed to provide older adults experiencing financial challenges with pet food and both proactive and reactive veterinary care to ensure they are able to care for their pets for as long as possible.

For more information, contact our Pet Services team at 913.364.5754.

PETS AND LOVING SENIORS - PALS

PALS is designed to assist qualifying clients' pets by providing them with supplemental pet food and supplies. Program participants are primarily referred to PALS staff by COA staff members; however, clients may self-refer.

PALS Eligibility Guidelines

To qualify for our PALS program, a client must be over the age of 60 with a total income under 150% of the Federal Poverty Guidelines for the current year. Preference will be given to homebound clients.

All pets must be owned by the client and must be spayed or neutered. If the pet is not spayed or neutered, these services will be provided by an aligned Pet2Vet veterinary clinic.

The COA will supplement pet food and supplies for qualifying clients' pets, up to two pets per client. All products are subject to available funding and pet food donations.

PET2VET PROGRAM

Pet2Vet is designed to assist qualifying clients' pets with subsidized veterinary care, as well as transportation to veterinary or grooming appointments.

Pet2Vet Eligibility Guidelines

All clients, who qualify for the PALS program, are automatically eligible for the Pet2Vet program. Homebound clients, regardless of income, will be eligible for transport to veterinary care/grooming appointments. A fee may apply.

Pet Guidelines

Pets will be assessed in person regarding their ability to be transported by Council on Aging staff prior to any scheduled appointments. Pets must exhibit a calm demeanor, follow basic commands, and be crated if at all possible.

Pet2Vet Fees

There is a \$5.00 per round trip fee to veterinary/grooming appointments. Transportation is provided at no cost to clients who qualify for the PALS program and/or whose income level is 150% or below the federal poverty guidelines.

Each client requesting transportation for their pet for Pet2Vet services will be required to have a Release of Liability form on file at the COA.

If the client's pet does not already have an aligned veterinarian, services will be provided by one of the Pet2Vet program's aligned veterinary partners.

Cold Weather Rule

November 1 – March 31

The Cold Weather Rule is designed to keep your utilities connected during the winter months, even when you're unable to pay your bill in full. Contact your utility company to see if you qualify to make payment arrangements under the Cold Weather Rule.

How do I sign up?

If you can't pay your entire bill, call your utility company to make pay arrangements:

- Agree to pay 1/12 of the overdue amount of your bill, plus 1/12 of your current bill, all disconnection and connection fees plus any applicable deposit owed to the utility, and agree to pay the remainder in equal payments over the next 11 months; or
- Negotiate a payment plan to pay the overdue amount off quicker than 12 months.

Remember, you must also pay your full bills for any new service you use while paying off the overdue amount.

If you are behind in a previous payment plan and cannot catch up, you need to make a new payment agreement with the utility.

What will the utility company do?

Utilities must inform you of the Cold Weather Rule payment plan as well as other available payment plans. Remember, under the Cold Weather Rule, you always have the option of spreading your payment over a total of 12 months.

Utilities must send written notice to customers 10 days before disconnection, plus attempt a phone call or personal contact the day before.

Utilities must tell customers about agencies that may have funds available to help pay utility bills.

Can I be disconnected during the Cold Weather Rule?

A utility cannot disconnect you when the local National Weather Service forecasts that the temperature will be below 35 degrees Fahrenheit within the following 48-hour period.

A utility may start the final notification and disconnection process if there is a 48-hour forecast of temperatures above 35 degrees. If the 48-hour forecast changes before the period ends and there is a forecast of below 35 degrees, the utility cannot disconnect until there is another 48-hour forecast of temperatures above 35 degrees.

To prevent disconnection when it is 35 degrees or above, or to be reconnected regardless of temperature, you must make pay arrangements with your utility.

Please Note

The Cold Weather Rule applies only to residential customers of electric, natural gas, and water utility companies under the Kansas Corporation Commission's jurisdiction.

For more information:
Call your utility company or the
Kansas Corporation Commission
at (800) 662-0027.
