Re: 2023 Budget Request

Commissioners, as we consider the approval of the 2023 budget I wanted to provide a little background. The State legislators have provided guidelines for the adoption of our operating budget that they themselves do not follow. It is required that the County either stay revenue neutral or send out notices, conduct a public hearing and adopt a special resolution allowing us to exceed the revenue neutral rate. Of course, we have always held properly noticed public hearings so the mailer and resolution are the new items.

The proposed 2023 budget is \$56,812,765 compared to the 2022 budget of \$51,930,005. This represents an increase of approximately \$4,883,000 in expenditures over 2022 or approximately 9.4%.

Why did the County budget need to increase? The County provides numerous services to all areas of the County. Some of those services are law enforcement, Emergency Medical Services, corrections, courts, Council on Aging, roads and bridges and governmental administrative services. The cost of providing all of these services, much like the cost of operating any business, is directly tied to what the economy is doing and increase from year to year.

As of the last update the Bureau of Labor Statistics is reporting inflation at 8.5%. While we can all see by our own personal home budgets that number is likely under reported here are some actual examples of how inflation is hitting the County. Fuel prices for the County year to date have increased 32%. Asphalt prices are up 17%. Road oil prices are up 20%. Heavy equipment prices are up 11%. Chemical prices on the two main chemicals we sell and utilize are up 28% and 157%. Health insurance costs increased 12%. Meals for the Meals on Wheels program increased 24%.

What would it mean to remain revenue neutral for the County? In 2022 Ad Valorem taxes generated approximately \$30,205,000 and the proposed 2023 budget includes approximately \$34,150,000 in Ad Valorem taxes. The easy math is that the County would need to reduce the proposed budget by roughly \$4,000,000.

How would the County reduce their budget by \$4,000,000? The County is primarily a service provider. The only way to reduce expenditures is by reducing services. In order to remove the \$4,000,000 from the budget the expenditures would have to be held at previous levels despite inflationary costs. This would require reducing all of the above areas mentioned by a percentage equal to the inflationary number. That would not get us to where we would fully need to be though.

Many of the County expenditures are unfunded mandates from the state. Those programs must remain in place. Additionally, there are expenditures like utilities and insurance that are outside of the Commission control. Therefore, some areas would face additional reductions and routine maintenance and replacements would have to be put on hold.

The Board of County Commissioners considered all of these things and what it would mean to not just the current quality of life in the County but the future cost of delaying needed repairs. The decision was made that the 9.4% increase, while not ideal, was the best decision long term for the County.

By the way the State is spending approximately \$2 billion more in 2022 than in 2021 or 28%.

Please let me know if you have questions or require further discussion.

ARTICLE 25 – SIGN REGULATIONS

Section 1. PURPOSE

Signs perform important functions that are essential for public safety and general welfare. It is the purpose of this Article to promote the public safety and general welfare through reasonable, consistent and content-neutral sign standards. These sign regulations have been prepared with the intent of enhancing the visual environment of the County and promoting its continued well-being, and are intended to:

1. Encourage the effective use of signs as a means of communication in the County;
2. Prevent the obstruction of travel through the county resulting from improperly placed and designed signs;
3. Maintain and enhance the aesthetic environment, quality, and beauty of all areas of the County while enhancing the County's ability to attract sources of economic development and growth;
4. Improve pedestrian and traffic safety; Encourage and allow signs that are appropriate to the zoning district in which they are located and consistent with the category of use and function to which the pertain;
5. Protect property values by ensuring that sign-types, as well as the number of signs, are in harmony with buildings, neighborhoods, and conforming signs, in the area, and
6. Enable the fair and consistent enforcement of these Sign Regulations.

Section 2. APPLICABILITY

The provisions of this Article govern the size, placement, use and structural quality of outdoor signs and other advertising and identification devices together with their appurtenant and auxiliary apparatus. No sign shall be erected, enlarged, constructed, reconstructed, relocated, refaced, structurally or otherwise altered without first obtaining a separate sign permit as set forth in this Article, unless otherwise exempted by the Article.

Section 3. SEVERABILITY

If any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or work in this article is declared invalid, such invalidity shall not affect the validity or enforceability of the remaining portions of this Article.

Section 4. DEFINITIONS

Abandoned Sign: Any sign, including off-site signs and Large ground signs, unless owned and operated by a bona fide billboard company, which for a period of at least ninety (90) days no longer shows evidence of regular maintenance or repair. If a billboard sign is owned and operated by a bona fide billboard company, the length of time before the sign shall be considered abandoned as determined above shall be one hundred eighty (180) days after written notification to sign owner. Any Nonconforming Sign located on a building or property that is vacant and unoccupied for more than one year shall be deemed abandoned.

Administrative Officer or Official: The Director of Planning and Zoning for Leavenworth County shall be the Administrative Officer and shall enforce the provisions of this resolution.

Animated Sign: A sign containing or depicting action, motion, or light or color changes through electrical, electronic, or mechanical means.

Attention-Getting Device: Any device intended to attract the attention of the public to an establishment, location, product or service, except signs as permitted by this ordinance. Such device or sign may include twirling signs, pennants, streamers, spinners, balloons, inflatable signs, search lights, beacons, and flashing lights or messages.

Awning: A roof-like cover that projects from the wall of a building for the purpose of shielding a doorway, walkway, or window from the elements. Awnings are often made of fabric or flexible plastic supported by a rigid frame, and may be retracted into the face of the building. For the purposes of this Article, an awning sign is considered a building sign and subject to all applicable regulations.

Banner: Any cloth, bunting, plastic, paper, or similar non-rigid material attached to any structure, staff, pole, rope, wire, or framing which is anchored on two or more edges or at all four corners. Banners are temporary in nature and do not include flags. For the purposes of this Article, a banner is considered a temporary sign and subject to all applicable regulations.

Billboard: A sign, that directs attention to a business, commodity, service, or entertainment conducted, sold, or offered at a location other than on the premises on which the sign is located. For the purposes of this Article, a billboard is considered a large ground sign and subject to all applicable regulations.

Building face: The portion of any exterior elevation of a building extending vertically from the ground grade to the top of a parapet wall or eaves and horizontally across the entire width of the building elevation.

Building sign: An on-site sign attached or painted onto a wall, awning, canopy, building or structure, or that is dependent upon a building for support and projects more than one (1) foot beyond the face of said building.

Canopy: A structure other than an awning made of fabric, metal, or other material that is supported by columns or posts affixed to the ground and may also be connected to a building. For the purposes of this Article, a canopy is considered a building sign and subject to all applicable regulations.

Changeable Copy Sign: A sign or portion thereof on which the copy or symbols change either automatically through electrical or electronic means, or manually through placement of letters or symbols on a panel mounted in or on a track system. The two types of changeable-copy signs are manual changeable copy signs and electronic graphic signs, which include message center signs, digital displays, and Tri-Vision Boards.

Damaged Sign: A sign that is unmaintained; has missing pieces, inserts or cabinets; has broken pieces or parts; poses a hazard or is otherwise in poor condition.

Façade: The entire exterior surface of a particular side of a structure or establishment. **Flag:** A sheet made of cloth, fabric, plastic, or similar material that is typically square rectangular, or triangular in shape – but may be constructed with other shapes – that is attachable by one edge to a pole, rope, or other structure, and used as a symbol or as decoration.

Ground sign: A sign placed upon, or supported by the ground independently of any building or structure on the property. This includes a sign supported on fences, poles, posts or other similar appurtenances that are not part of a building,

Illuminated Sign: Any sign where light is used to illuminate the face of the sign. Can be externally or internally illuminated.

Inflatable Sign: A sign that is intended to be expanded by air or other gas for its proper display or support.

Interior Sign: Minor Sign: A Sign, not more than 4 square feet in area and generally not visible from or intended to convey messages to persons in the Public Right of Way. Examples of Minor Signs include such things as parking instructions, directional or wayfinding information, security warnings, business identification, or other similar communications that are accessory to the use of the site and any building located thereon.

Official sign: Any type of Sign that is constructed, placed, or maintained by or at the direction of federal, state or local government.

Off-site sign: A permanent sign that is not specifically designed to be modified in terms of the message that is conveyed, and carries a message other than the name, occupation, or nature of the activities conducted on the premises and shall not include billboard signs. For the purposes of this Article, an off-site sign is considered a building or ground sign and subject to all applicable regulations.

On-site sign: A sign that carries a message that is incidental to the use of the premises where it is located.

Owner: Any person(s), firm(s), corporation(s), or any other legal entity having legal title to or significant proprietary interest in a tract of land (including leasehold interests) or a sign.

Pole sign: A sign where the base of the sign face is more than six (6) feet above ground level and is supported by poles or post. For the purposes of this Article, a pole sign is considered a ground sign and subject to all applicable regulations.

Portable sign: A temporary on-site sign designed in such a manner to be readily movable and not permanently attached to the property; such as, A-frames, trailer signs, signs placed on vehicles, beacon lights and other similar signs. For the purposes of this Article, a portable sign is considered a temporary sign and subject to all applicable regulations.

Roof Sign: Any sign erected upon, against, or above a roof or roof eave, or on top or above the parapet, or on a functional architectural appendage above the roof or roof eave.

Sight Triangle: An area at a street intersection in which nothing shall be erected, placed, planted, or allowed to grow in such a manner as to materially impede vision between a height of 2½ feet and 8 feet above the grades of the outside edge of the street surface of the intersection streets, measured from the point of intersection of the centerline of the streets, 30 feet in each direction along the centerline of the streets. The County Engineer shall establish sight distance triangles based upon standards in the policy manual published by the American Association of State Highway and Transportation Officials (AASHTO).

Sign: Any name, identification, description, display, or illustration that is affixed to, painted, or represented directly or indirectly upon a building or other outdoor surface or support structure and that directs attention to or is designed or intended to direct attention to the Sign Face or to an object, product, place, building, structure, activity, person, institution, organization, or business, including all parts, portions, units, and materials composing the same, together with the frame, background, and supports or anchoring thereof. Any Sign located entirely within an enclosed structure and not exposed to a Public Right of Way or parking lot is not, for the purposes of this Article, considered to be a Sign.

Sign area: The calculated area of the sign as measured by establishing a, or series of, standard geometric shapes around the text, copy, logo, symbol, emblem, and any other elements that establish the message of the sign. Any single element of the sign message shall not be separated by more than one-third the overall length or height of the sign message or by four (4) feet, whichever is less.

Sign height: Sign height shall be determined by measuring from ground level at the foundation of the sign to the highest element of the sign.

Sign structure: The elements which support or are capable of supporting a sign.

Sign setback: The minimum sign setback shall be the horizontal distance between a sign and any lot line, as measured from that part of the sign, including its extremities and supports, nearest to any point on an imaginary vertical plane projecting from the front and side lot line.

Temporary Sign: Any on-site sign, including, but not limited to signs of lightweight cardboard, plastic, or paper material, displayed for not more than thirty (30) consecutive days, nor more than ninety (90) cumulative days per calendar year, unless otherwise stated in these regulations or by State law.

Window Sign: A Sign posted, painted, placed, or affixed in or on a window or a Sign that is located on the interior of a structure that is exposed to public view from the exterior of the structure through a window.

Utility Signs: Signs placed by utility companies as part of the normal operation and maintenance of facilities such as public telephones and underground services.

Section 5. GENERAL SIGN REQUIREMENTS

The following provisions shall apply to the construction, erection, or placement of any sign at any location, unless otherwise specified.

1. *Right-of-Way*: All signs and supports that are located upon or over the public right-of-way, including streets, alleys and parkways, shall be prohibited except as provided below;
 - a. Signs and supports required by governmental authority.
 - b. A temporary sign located on public property used to announce a special event or activity, providing the sign is removed after the event or activity has been completed.
2. *Traffic Safety*: No signs shall be erected at or near the intersection of any street(s) or driveways(s) in such a manner as to obstruct or confuse the view of motorists or cyclists. No sign which obstructs the view of motorists using any street intersection shall be allowed within the sight triangle of an intersection. No sign shall be illuminated in a way that interferes with the vision of pedestrians or vehicular traffic.
3. *Maintenance required*: All signs and all components, including, but not limited to, supports, braces, and anchors, shall be of sound structural quality and shall be kept in a state of good repair, have a clean and neat appearance, and land adjacent to it shall be kept free from debris, weeds, trash, or other such condition by the owner. If signs are not maintained in conformance with the regulations, the Administrative Official shall have the ability to order the repair or removal of any sign found in violation. No subsequent sign permits shall be approved until all violations have been remedied.
4. *Abandonment/Failure to Maintain*. Any sign considered abandoned by these regulations, the Administrative Official shall proceed against the owner by appropriate legal remedy to obtain compliance. No subsequent sign permits shall be approved until all violations have been remedied.
5. *Unsafe Signs*. If any sign becomes unsafe or in immediate danger of falling, the Administrative Official will give notice requiring all deficiencies be corrected or the sign be removed within 48 hours.
6. *Signs on Utility Poles or Trees*. No signs shall be attached to trees, utility poles, or any other unapproved supporting structure.
7. *Illuminated Signs*. Illuminated signs shall be shaded wherever necessary to avoid casting bright light upon property located in any residential district or upon any public street or park. Signs shall be equipped with a mechanism to automatically adjust the display's illuminative brightness and shall be controlled by means of a light detector/photo cell.
8. *Use of spotlights and floodlights for illumination*. It shall be unlawful for any person to maintain any sign that is wholly or partially illuminated by floodlights or spotlights that interfere with the vision of pedestrians or vehicular traffic.

Section 6. PERMIT PROCEDURES

No person shall install, erect, cause to be erected, construct, hang or alter any Sign within the County without first obtaining from the County a Sign Permit, unless otherwise exempted by this Article.

1. Application for Permit: Applications for a permit shall be made in writing upon forms provided by the Planning & Zoning Department. All applications shall be subject to be rejected if not complete upon receipt by the Planning & Zoning Department. The Planning and Zoning Department may request the following information, among other items, as a complete application:
 - a. The name, street address, and telephone number of both the applicant and the person erecting, constructing, reconstructing, relocating, refacing, structurally or otherwise altering the sign.
 - b. The legal description of the lot or tract and the street address of the building or structure where the sign is to be located.
 - c. Sign plans drawn to scale which shall include external dimensions, above ground elevations, and sign face area of the proposed sign and sign structure, along with the method of construction and attachment to the building or ground.
 - d. A site plan showing the position of the sign(s) in relation to property lines, nearby buildings and structures, along with the locations of rights-of-ways and utility easements.
 - e. A copy of the deed showing ownership of the land.
 - f. If the applicant is not the owner, a signed affidavit with the written consent of the owner(s) of the lot or tract, building or structure on which the sign is to be erected.
 - g. Application fee. Additional fees may be assessed dependent upon the level of review required.
2. Unusual Signs: Applications for unusual signs or displays which give rise to questions of interpretation of these regulations may be referred by the Planning & Zoning Department to the Board of County Commissioners for the purpose of interpretation by the Board and recommendation for action on the application by the Planning & Zoning Department. If in the opinion of the Board, the application is not adequately covered by these regulations, the Board may make recommendations for amendment of this Article.
3. Issuance of Permit: Upon the filing of an application for a sign permit and payment of the applicable permit fee as provided herein, the Planning & Zoning Department or such persons designated shall examine such plans and specifications, along with the premises upon which the sign proposed to be erected, and any other pertinent data, to determine whether the proposed sign would comply with these regulations. If all applicable requirements are met, the permit shall be issued and shall be valid for construction and erection, alteration or relocation of the sign within six (6) months from the date the permit is issued.
 - a. The issuance of the Sign Permit, as required by these regulations, shall not act in lieu of any other permits or fees required by the electrical code or building code or any other governmental rules or regulations adopted by the County or any other governmental entity and made applicable to the sign and its placement.
 - b. Permit Fees: Before being granted a permit for a sign, every applicant shall pay to the County a permit fee as established by resolution of the Board.
 - c. Permit Revocation: If the Administrative Official or such persons designated shall find that any sign subject to these regulations is unsafe or insecure; is a possible danger to the public health, safety, or welfare due to structural defects; has been allowed to deteriorate to such condition that it is unsightly; has been constructed or erected or is being maintained in violation of the provisions of these regulations, then written notice shall be given to the owner of the premises or, if different than the owner, the occupant(s) of the premises on which the sign is located, specifying the problem. If such person fails to remove or alter the sign to comply with the provisions of these regulations within fifteen (15) days of such notice, the Administrative Official may take such action as may be necessary to cause such

sign to be removed or altered to comply with these regulations, which shall be at the expense of the applicant or owner(s) of the property on which the sign is located. If a sign is an immediate hazard to the public health, safety, or welfare, in the opinion of the Planning & Zoning Department, the Planning & Zoning Department may cause it to be removed immediately and without notice.

Section 7. GENERAL REGULATIONS

DRAFT

SUBJECT	ISSUED BY	EFFECTIVE DATE	REVISION
Planning & Zoning Policy on Water Feasibility Studies	Planning & Zoning Department	02.26.2020	1.0

A. POLICY:

Once a subdivision application has been received, the Planning & Zoning staff shall notify all public utilities affected by the proposed project. Upon receiving a comment from a Rural Water District or other Water Utility that requires a feasibility study or other document determining what type of infrastructure is needed to service the proposed subdivision, the applicant shall submit a completed copy of said study to the Planning & Zoning Department. If the above requirement is requested, the application will be considered incomplete until such time the study has been provided. This policy is only applicable to final and concurrent preliminary/final plat applications.
