Leavenworth County Request for Board Action Case No. DEV-25-060 Final Plat Papa Ponderosa

Consent Agenda

Date: September 24, 2025

To: Board of County Commissioners

From: Planning & Zoning Staff

Department Head Review: <u>John Jacobson, Reviewed</u>

Additional Reviews as needed:

Budget Review ☐ Administrator Review ☐ Legal Review ☐

Action Request:

Chairman, I find that the proposed Final Plat as outlined in case DEV-25-060 is compliant with the County Zoning & Subdivision Regulations and move that the proposed Final Plat be conditionally approved and accepted by this Board subject to the conditions set forth in the staff report and as adopted by the Planning Commission.

Analysis: The Papa Ponderosa Final Plat was originally approved on July 23, 2025. However, since it was approved, it was determined that 178th Street is not a high-volume road. The applicant has resubmitted the plat to remove the access restrictions originally included in order to comply with the access management standards for a high-volume road. No other modifications were proposed with this revision. The applicant is proposing to divide a 37-acre parcel into nine (9) lots. The Subdivision is classified as a Class C with all lots lying within the Rural Growth Area of Leavenworth County. Staff is supportive of a waiver of the requirement to connect to a sanitary sewer system as sanitary sewers are not located within 660' of the subdivision (see condition 3). Lots 1 through 7 will front onto 178th Street, varying in size from 1.25 to 1.9 acres. All lots have over one acre excluding ROW, allowing for enough area to support a private septic system. Lots 8 & 9 front onto Evans Road. Lot 8 will be 2 acres and Lot 9 will be more than 26 acres. Lot 9 also has existing accessory structures that will be removed. A condition of approval has been recommended to reflect that.

Recommendation: The Planning Commission voted 8-0 (1 absent) to recommend approval of Case No.DEV-25-060, Final Plat for Papa Ponderosa subject to conditions.

Alternatives:

- 1. Approve Case No. DEV-25-060, Final Plat for Papa Ponderosa, with Findings of Fact, and with or without conditions; or
- 2. Deny Case No. DEV-25-060, Final Plat for Papa Ponderosa, with Findings of Fact; or

- 3. Revise or Modify the Planning Commission Recommendation to Case No. DEV-25-060, Final Plat for Papa Ponderosa, with Findings of Fact; or
- 4. Remand the case back to the Planning Commission.

STAFF COMMENTS:

The applicant is proposing to divide a 37-acre parcel into nine (9) lots. The Subdivision is classified as a Class C with all lots lying within the Rural Growth Area of Leavenworth County. Staff is supportive of a waiver of the requirement to connect to a sanitary sewer system as sanitary sewers are not located within 660' of the subdivision (see condition 3). Lots 1 through 7 will front onto 178th Street, varying in size from 1.25 to 1.9 acres. All lots have over one acre excluding ROW, allowing for enough area to support a private septic system. After reviewing road counts, it was determined that 178th Street is not a high-volume road and therefore entrance spacing does not require a higher standard of separation. The applicant has resubmitted the application removing the shared entrances and no access hatching along 178th Street, except for the section along the intersection. Lots 8 & 9 front onto Evans Road. Lot 8 will be 2 acres and Lot 9 will be more than 26 acres. Entrance spacing will have to comply with the Access Management Regulations. Lot 9 also has existing accessory structures that will be removed. A condition of approval has been recommended to reflect that.

PROPOSED CONDITIONS:

- 1. Building permits shall be required for any new construction.
- 2. Erosion control shall be used when designing and constructing driveways. A form of sediment control shall be installed before work begins and maintained throughout the time that the land disturbing activities are taking place. Re-vegetation of all disturbed sites shall be completed within 45 days after completion of final grading weather permitting.
- 3. A waiver for the use of private septic systems within this subdivision is granted with this approval.
- 4. At time of development, fire hydrants shall be required, if necessary infrastructure is available. If the infrastructure is not available to support fire hydrants, a letter from the Water District stating such must be provided prior to any building permit being issued.
- 5. Accessory Structures located on Lot 9 must be demolished per the plat notation.
- 6. The developer must comply with the following memorandums:
 - Memo Planning & Zoning, dated August 25.2025
 - Memo Survey, dated August 25, 2025
 - Memo Travis Miles, Suburban Water, dated May 9, 2025

Subject: Papa Ponderosa Subdivision

Date: May 22, 2025

Amy, I have reviewed the final plat of the Papa Ponderosa Subdivision presented by Kooser Family Trust. The subdivision meets the requirements for fire hydrants and supported with a 6" water line as stated in the subdivision guidelines. The area, in which the subdivision is proposed, a fire hydrant should be placed at 1000 feet to the east of 178th Street and Evans Road to Lot 9, then 1000 feet to the south on 178th Street to Lot 7 from the intersection of 178th Street and Evans Road. There is an existing fire hydrant at 178th Street and Evans road. These fire hydrants should provide this subdivision.

I have no further recommendation for this subdivision.

If you have any questions please call me 684-0455.

Please see the attached sketch. County is requiring that these 2 tracts will become a Cross Access Easement Plat for 2 buildable Lots.

Both building will be on the Eastern tract (B) with over ¼ mile driveway to these sites off of 219<sup>th</sup> Street. Land is just north of 21474 219<sup>th</sup> Street.

Can you please send the standard service letters supporting the 2 houses.

Water 9 - please note where the meters will be required to be place.

I am responding to a request that LVRWD #9 received via email from Joe Herring a surveyor, requesting a letter stating that LVRWD9 can provide water to 0000 219<sup>th</sup> Tonganoxie, KS. This land is going to be split into a Tract A which is R308896 and Parcel ID 1452100000012000 and a Tract B which is R19083 and Parcel ID 145210000007000. The land will have an access road coming from 219<sup>th</sup> St on Tract A and going east to the back property Tract B. Two houses will be built on Tract B.

LVRWD9 can provide water to the property stated above. The two separate meters will be placed within 20' of 219<sup>th</sup> east on the property. One meter will be placed on the north side of the drive to serve the most north house on Tract B and one meter will be placed on the south side of the drive to serve the most south house on Tract B. It will be the homeowner's responsibility to run the customer service line from the meter to the houses. Only the mainline on 219<sup>th</sup> and the service line to the two meters is the responsibility of LVRWD #9. Anything going east from the meter to the houses is the homeowner's responsibility.

If you have any questions or concerns, please do not hesitate to contact us at (913) 845-3571 or by email at lvrwd9@gmail.com.

Thank you and have a great day.

Thanks,

District Manager,

Karen Armstrong

| Recommendation: Approve to accept the 5-year lease from VLP.                                                                                                                                                                                                               |

The Provisions found in Contractual Provisions Attachment (Form DA-146a, Rev. 07-19), which is attached hereto, are hereby incorporated in this contract and made a part thereof.

The parties agree that the following provisions are hereby incorporated into the contract to which it is attached and made a part thereof, said contract being the 1st day of August, 2025.

- Terms Herein Controlling Provisions: It is expressly agreed that the terms of each and every
  provision in this attachment shall prevail and control over the terms of any other conflicting provision
  in any other document relating to and a part of the contract in which this attachment is incorporated.
  Any terms that conflict or could be interpreted to conflict with this attachment are nullified.

  contract shall reside only in courts located in the State of Kansas.
- 3. Termination Due To Lack Of Funding Appropriation: If, in the judgment of the Director of Accounts and Reports, Department of Administration, sufficient funds are not appropriated to continue the function performed in this agreement and for the payment of the charges hereunder, State may terminate this agreement at the end of its current fiscal year. State agrees to give written notice of termination to contractor at least thirty (30) days prior to the end of its current fiscal year and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to ninety (90) days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided State under the contract. Upon termination of the agreement by State, title to any such equipment shall revert to contractor at the end of the State's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.
- 4. **Disclaimer Of Liability**: No provision of this contract will be given effect that attempts to require the State of Kansas or its agencies to defend, hold harmless, or indemnify any contractor or third party for any acts or omissions. The liability of the State of Kansas is defined under the Kansas Tort Claims Act (K.S.A. 75-6101, et seq.).
- 5. Further, the State of Kansas and its agencies do not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages available to the State of Kansas or its agencies at law, including but not limited to, the implied warranties of merchantability and fitness for a particular purpose.
- 8. **Representative's Authority to Contract**: By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.

- 12. **The Eleventh Amendment**: "The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."
