Leavenworth County Hazardous waste collection program

Instructions for Completing Waste Inventory Form

I. WASTE DESCRIPTION

- A. Describe, in as much detail as possible, the wastes you want to drop off at the collection site. Include the chemical and trade name, and MSDS, if available.
- B. Indicate the physical state of the waste: Solid (S) or Liquid (L).

II. GENERATION RATE

- A. Estimate maximum generation rate per month.
- B. Estimate maximum generation rate per year.

III. AMOUNT IN STORAGE

Estimate amount of hazardous waste currently accumulated by your business.

IV. DISPOSAL RATE

- A. Estimate amount of hazardous waste to be brought each time to collection site. You are limited to 100 gallons per trip and no containers bigger than five gallons.
- B. Indicate desired frequency of disposal (weekly, monthly, annually, etc.),

V. CURRENT DISPOSAL METHOD

Indicate how hazardous waste is currently disposed of by your company.

If you need assistance in determining which of your wastes are considered hazardous waste, please refer to KDHE's Hazardous Waste Generator Handbook or call KDHE (785-296-1600) to request a copy, or you may visit their website at <http://www.kdhe.state.ks.us/waste/>. If you need further assistance, please do not hesitate to contact Leavenworth County Solid Waste Department.

Leavenworth County Hazardous Waste
